

**Tania Whyte**

---

### **President Commercial**

Tania Whyte is Linfox Logistics' President Commercial, a role focused on driving operational improvement and profit enhancement across all areas of the business.

Tania partners with our Business Unit Presidents to develop innovations and efficiencies. This includes: reducing costs in operational areas and identifying more efficient processes; leading profit and performance improvement initiatives; facilitating strategic planning; and leading major business improvement projects.

Previously, Tania worked with Boston Consulting Group (BCG) where she had extensive experience in the transport and logistics sector and led BCG's Global Airline Maintenance specialist group.

She is experienced in developing and implementing change for leading companies in Australia and overseas.

As President Commercial, Tania helps to improve performance and shareholder returns across all facets of our business.

Tania has a PhD in chemistry and is interested in contemporary and indigenous art and live music.
