

John Ansley

President Supply Chain Solutions, Implementations and Chief Information Officer

As President Supply Chain Solutions, Implementations and Chief Information Officer, John Ansley manages Linfox Logistics' crucial IT platform. His responsibilities include:

- The Supply Chain Solutions team of specialists, which develops sophisticated solutions for customers and identifies new operating efficiencies.
- The Implementations team, which implements major capital projects including new distribution centres and major fleet projects.
- Linfox Logistics' Information Technology systems that drive transport and warehouse operations as well as all business support services.

John brings great expertise to the role, having managed major IT environments for large multi-national organisations. Prior to joining Linfox, John managed business IT solutions across the Asia Pacific operations for Roche Pharmaceuticals.

He also has extensive IT management experience in the mining and resources sector and worked with SAP Australia in application development and sales.

John is a keen surfer and martial arts instructor and is completing a Masters of Business Administration.
